

# SKILLS TO FUTURE-PROOF GRADUATE RESEARCHERS

Online modules enhancing research/employer/industry ready skills to better prepare graduate researchers for broader career pathways

Opportunities to connect, collaborate & engage with peers in flexible, virtual, cross-disciplinary environments

**MODULES AVAILABLE:** Select any module from across the 3 Learning Pathways

Offered collaboratively by the Australian Technology Network (ATN) Universities

## Our Courses

- Support research learning
- Enhance employability and industry readiness to gain an edge
- Are flexible, short, online and relevant

## Be Career Ready!

- Set goals and expectations
- Self-assess training needs
- Select training based on skills gaps
- Engage with peers and build networks

## Cost

- Free for Australian Technology Network (ATN) students (Curtin, QUT, RMIT, UniSA, UTS)
- \$450 +GST per module for non-ATN students
